The Kissing Earth
Olafur Eliasson

A wide-angle photograph of the Erasmus Bridge in Rotterdam, Netherlands, taken at dusk. The bridge's distinctive white, A-shaped pylon is illuminated from below, casting a soft glow. Numerous stay cables fan out from the pylon to support the bridge deck. The bridge deck is lit with small lights, and the city skyline in the background is also illuminated, with several skyscrapers showing their lights. The sky is a deep blue, and the water in the foreground is calm. In the top right corner, there is a white circular graphic containing the text 'ERASMUS BRIDGE ROTTERDAM'.
